Overall comments:

Our first match against Somonauk we a very good match for us. We played strong defense and we built a strong possession based offense. Being able to come out with a tie against Somonauk was a huge step for us. Somonauk runs a good program and we have never done anything better than a loss to them. Ending in a draw was very good and showed that we are capable of playing good soccer. Our second match was a bit of a misstep for us. We were not communicating well and had some trouble finding our rhythm which cost us. By the time we played Reed Custer, we had refocused and came back to playing the simple pass and possessing the ball which helped us. We did have some slips on defense which lead to some goals on us, but over all we played very well. The tournament helped me see where we are strong and weak on the field. We have some adjustments to make, but I believe we can be a very competitive team this season. The guys are excited and I am as well.
